

ARE YOUR KIDNEYS WEAK?

Thousands of Men and Women Have Kidney Trouble and Never Suspect It.

To Prove what the Great Kidney Remedy, Swamp-Root, will do for YOU, Every Reader of the Eagle May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. When your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

I cheerfully recommend and endorse the Great Kidney Remedy, Dr. Kilmer's Swamp-Root, for kidney trouble and bad liver. I have used it and derived great benefit from it. I believe it has cured me entirely of kidney and liver trouble, from which I suffered terribly.

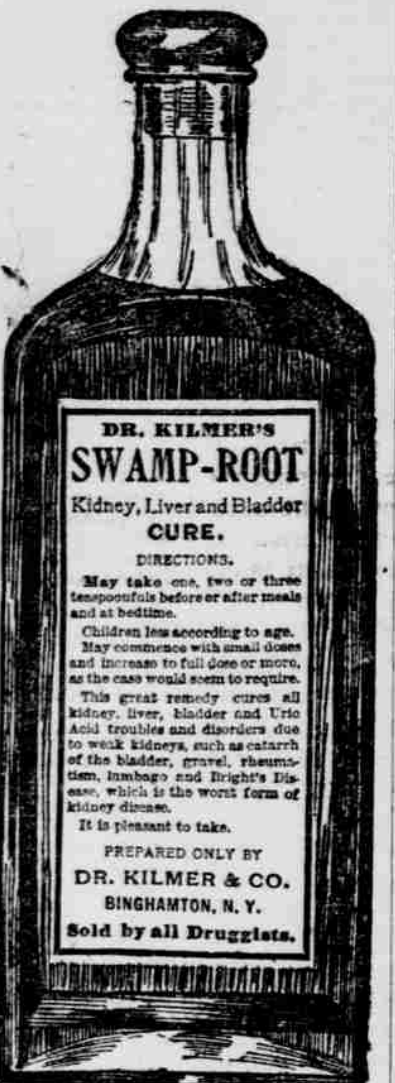

Most grateful yours,
A. R. REYNOLDS,
Chief of Police,
Columbus, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering and fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble, you get a yellow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

How to Find Out
If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If it contains a milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is the best dressing cause of kidney, liver or bladder troubles, that to prove its wonderful merits you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonials received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Wichita Sunday Eagle. The proprietors of this paper guarantee the genuineness of this offer.

LEADS CRUSADE AGAINST SATAN.

Chicago, March 26.—William A. Sunday, once the fastest sprinter on the baseball diamond and a star in Capt. Anson's Chicago team of the early 80's, is the hero of a religious crusade that has won 150,000 persons in forty days.

For forty days a religious tempest has been sweeping over northern Illinois and eastern Iowa, eastward and northward up the Rock River valley, westward across the Mississippi, southward a distance of seventy-five miles, over a territory inhabited by hundreds of thousands of people, it has raged. Throughout a section of Illinois, with a population of 25,000, and over an area of Iowa, with a population of 150,000, this religious fervor has spread.

At Sterling, Ill., the center of the crusade, 2,647 converts have been made. At one meeting the attendance was 15,000. Whole communities have been converted. In Sterling and Rock Falls, with a combined population of 12,000, every form of so-called sinful amusement has been abandoned.

The "good" and the "bad" amusements are thus segregated: Good: Golf, baseball, bowling, checkers, cards, crokinole, authors, tennis, parchess, blackgammon.

Bad: Theaters, progressive clique, Ho-o-chi-coche dance, square, round dances, poker, euchre, cards, gambling, progressive bid, bridge, whist.

PUT TO THE TEST.
A great crowd has assembled to cheer the boy Prince Alexander, on his arrival at Belgrade by steamer. "Who do these people make so much noise when they see me?" cried little Alexander. "Because they love you, my little son." Immediately he almost sprang out of the minister's arms, calling out, "They say you love me. Show me your love by throwing all your hats into the water." The hats were thrown. "From Belgrade, the White City of Dreams."

OKLAHOMA ARIZONA

Sub Committee Has Agreed Upon Statehood Bill.

NOT UNTIL YEAR 1906

Former State Must Wait Two Years for Success

Washington, March 26.—The states of "Oklahoma" and "Arizona" are created in a bill which has been passed by the subcommittee of the house committee on territories. The members of this subcommittee have been placed in possession of the bill and after they have considered it for a few days a meeting of the full subcommittee will be held. The two states mentioned are composed of Oklahoma and Indian Territory as "Oklahoma" and Arizona and New Mexico, as "Arizona."

The admission of the latter two territories is not delayed by any restriction of law, but may be effected as soon as a convention can be called to form a state constitution. The bill provides, however, that Oklahoma and Indian Territory shall not be admitted as a state until the year 1906. By this time all the Indian lands will have been allotted. The problem of providing proper revenues for schools, growing out of the fact that Indian lands of Oklahoma and Indian Territory have been allotted in severalty to the Indians under a law which makes them non-taxable has been met by a provision for an appropriation of \$5,000,000 out of the treasury. This money is to be used to establish and maintain schools. The principal of this fund may be used to the extent necessary, the balance being placed on deposit at 3 per cent interest to the credit of the state for the maintenance of the schools established.

The bill also provides for the prohibition of polygamy. Suffrage cannot be restricted except for ignorance, imbecility and sex. This will not prohibit woman suffrage if the constitution to be adopted shall so provide. Negro suffrage cannot be restricted as such.

CALL FOR A MEETING.
Republican Editorial Association to Gather at Guthrie April 6.

Guthrie, O. T., March 26.—At a meeting of the Republican papers held in Guthrie last night it was decided to call for the best interests of the Republican press of the territory, as well as the Republican party, to have a Republican Editorial association, and a temporary organization was effected.

To the end that the declared intention of this meeting be carried out, a call is hereby issued for a meeting of the Republican Editors of Oklahoma Territory, to be held in the city of Guthrie, on Wednesday evening, April 6th, at 8 o'clock. A full attendance of the Republican editors of Oklahoma is urged in order that the matter may be fully discussed, and a permanent working organization be effected, which will be of great benefit to the party and the press.

Oil in a Well.
Elk City, O. T., March 26.—It is reported that H. E. Kinney, who lives one mile east of Doxey, struck oil in a well he was having drilled on his farm. He exhibited the mineral to several citizens and showed it would burn, says the Record.

Milton Henry, of Elk City, one of the promoters of the Western Oklahoma Coal and Gas Co., was here a few days ago trying to secure a lease on Mr. Kinney's land. Mr. Kinney has been offered a handsome price for his realty, but declines to sell.

Murphy Holds His Job.
Guthrie, O. T., March 26.—According to a Muskogee dispatch at an executive session the Dawes commission refused to honor the order of Chief Porter, that A. P. Murphy should be removed as the attorney for the Creeks. This afternoon only two cases were tried before the commission, Murphy appearing as attorney for Creek citizens. The other government officers will likely be forced to follow the lead of the commission.

To Hold a Carnival.
Alva, O. T., March 26.—Arrangements have just been completed for holding an elaborate Merchants' Carnival at the Alva Opera house on Tuesday, March 29th, and an interesting program has been prepared for that occasion. It will consist of fancy races, and select vocal and instrumental music.

Was a Cold Wave.
Alva, O. T., March 26.—Last night a cold wave struck this country which brought a heavy frost and a hard freeze, and all varieties of fruit are reported more or less injured on a count of it. Peach trees and plum trees, were all in full bloom and will be greatly damaged if not destroyed.

BLOCKADE IS NOW BROKEN

Great Storm in Northwest Has Been Severe.

WORST OF THE SEASON

Ten Trains Are Stalled Along the Railroads.

St. Paul, March 26.—A snow blockade which has tied up the northern roads for nearly forty-eight hours, has been partly broken and ten trains which had been in North Dakota are expected to reach St. Paul tomorrow night. The blockade was exceptionally severe. For two days the Great Northern and Northern Pacific have had every rotary plow in motion on the road. Tonight it was reported that the roads were clear and that traffic was moving smoothly. A Great Northern wire was restored tonight, and it was learned that trains were being held at Division points.

TRAINS ARE STALLED.
Wires Are Down and Little Information is Available.

St. Paul, March 26.—Trains on the Great Northern railway have been greatly delayed by the storm which has now been raging in North Dakota and Northern Montana for three days. The company's wires are all down between here and the storm belt and no information is obtainable direct from the trains which are stalled. The limited train which left St. Paul Thursday night is still held up at Devils Lake in North Dakota and all trains within the storm belt are being turned back. There has been no train into St. Paul from that part of the west for 36 hours. The superintendent of the railway mail service says he has a report that five trains are buried in the snow in Northern Montana. At the general office this is denied, although it is admitted that they had no direct information to the contrary. Three trains on the Northern Pacific are also reported lost somewhere in Montana and are believed at the Union station as indefinitely late.

Kalamazoo, Mich., March 26.—The river is still rising and submerged area today is much larger than yesterday. The police are going about in boats today taking people from the second story windows.

Battle Creek, Mich., March 26.—Both the Kalamazoo river and the Battle Creek have begun falling and it is believed that the crest of the flood has been reached here. The cold is checking the flood. The total flood loss here is estimated today at \$300,000.

STORM WAS SEVERE
COLD SNAP IS BROKEN AND MERCURY HAS RISEN.

Trains Are Tied Up by the Snow East of Montana Line.

Butte, Mont., March 26.—The storm which began Wednesday morning and swept the entire state was one of the most severe during the present winter. From 2 to 5 inches of snow fell in various parts of the state and the thermometer ranged from a few degrees above to nearly twenty below zero. Stock raisers report heavy losses. The storm extended over into the Dakotas and trains service last night was badly delayed.

Dittrichville, Pa., March 26.—A state that the west bound North Coast Limited and President Elliott's special train are tied up somewhere east of the Montana line by snow. Indications today are that the cold snap is broken, the mercury having risen to thirty above.

Washington, March 26.—Miss Helen M. Gould has been elected for furnishing most of the money to defray the expenses of prosecuting the charges against Senator Reed Smoot, of Utah, and it can be positively stated that Miss Gould did not contribute a dollar. Miss Gould gave \$15,000 toward the fund to secure the expulsion of Brigham H. Roberts from the house, but when approached in connection with the Smoot case, while expressing the heartiest sympathy for the movement, she declined to assist financially on her ground that her activity in the Roberts matter had proved disastrous to her brothers, the Mormons having retaliated against their railroad interest and done them much injury.

The Washington Christian Temperance Union contributed \$1,000 to the anti-Smoot fund, the Council of Women \$1,000 and another organization of women \$1,000. The \$3,000 thus obtained was given to ex-Representative Robert Taylor, who now appears for the protestants.

Forty business men of Utah who oppose the Mormon church of Utah have organized this new fund for his sole revenue for his services. It is said this represents all the funds yet raised.

HARD BLOW FOR JAPAN.
Washington, March 26.—The patriotism of the Countess Marguerite Casini, daughter of the Russian ambassador, Count Casini, is beyond question. Countess Casini has a marvelous gown, newly made of embroidered Japanese crepe, that cost a large sum.

The story has just become public that on the day Russia declared war on Japan the Countess contemptuously gave the gown to the cook at the embassy.

CORNER IN VIOLETS.
John D. Rockefeller has cornered the violet market, and M. McK. Twombly has a monopoly of the orchid output. This announcement, not new to the florists of New York, who have been buying 30,000 violets a day from Mr. Rockefeller at Dobbs Ferry, and have for many months been depending entirely upon the greenhouses for Mr. Twombly, is particularly those of the popular mauve variety—came like a thunderbolt out of a clear sky to the men on "Change" and the thousands of people who wear violets are familiar with the Standard Oil Company. Mr. Twombly, who also sells milk, does not, therefore, depend upon the sale of orchids for his sole revenue. His garden gets most of the benefit. Mr. Twombly merely wears an orchid in his buttonhole now and then, and some-

times inspects the greenhouse. But it is different up at Dobbs Ferry. Mr. Rockefeller has the best sort of violets grown. He charges anything he wants for them. They are standard, for the debutante, the matinee girl, or the young man who likes them on his frock. They are just like oil. Only they bloom instead of burn. Every member of the famous Sunday school class is presented with a blue bouquet of the finest variety each Sunday. Therefore that day the price of violets downtown is higher. They cost 5 cents more a hundred, so the greenhouse men say.

The train that runs down from Dobbs Ferry about 9 o'clock in the morning is called the Rockefeller Violet special. It is met each day by crowds of local motorists, who are anxious to make the first bid and get the choicest bunches. The station at that time, as every one knows, is reeking with the fresh purple perfume of Mr. Rockefeller's now, and then comes down in the car himself, and presides at the auction. He knows each bunch of flowers, its price, and the Standard Oil rules of procedure hold throughout. Those which are picked by Mr. Rockefeller himself are said to be the most expensive.

The day that Mr. Rockefeller's cow jumped over the fence and landed in the flowerbed, as well as the time the ladies from the Dobbs Ferry Seminary inspected the greenhouse, the price of violets in New York was doubled.

It is said that the merger decision will not affect this horticultural combination. The Rockefeller gardens, when interviewed at Dobbs Ferry today, said: "Yes, we have a corner on the violet market. Our violets are the best known, most popular, and largest species in the world. Sprinkling them liberally with oil each morning induces a rapidity of growth and a pungency of odor that can be obtained in no other way. I am sorry to hear that all other violet growers are going out of business, but, as Mr. Rockefeller has so often told us, 'Business is business. In love or war.'—Business Globe.

DIVORCE IN ITALY.
The bill allowing divorce in Italy has been defeated with such decisiveness that the question is looked upon as for the present settled. "The country is not prepared for it," as the champions of divorce describe the situation. The contest was in the main a test of strength between the Clerical party and its opponents, but not entirely. If some other test had been presented, the Liberals might have made a better showing. For the agitation in favor of divorce brought out a large amount of feeling that was quite independent of the church. Thousands of victims and contented Italians were shocked or depressed by the proposal to permit divorce, merely on the side of their sentiments, without any reference to their creed. Even making these allowances, however, the church has undoubtedly gained a victory. The Pope, whose liberality at first gave fears to the stricter clericals, has apparently been a source of strength in at least one direction, by discharging the enthusiasm of the opposition. The church moves, but it moves slowly, and seldom, can any outside force visibly affect its rate of motion.—Culler's Weekly.

RULINGS ON ANIMALS.
Secretary Shaw's decision that frogs are poultry, and subject to duty, recalls the story of the passenger and a guard on an English railway car, who were having a heated discussion over whether the traveler should pay fare on a dog that accompanied him. The guard insisting that the rules of the road demanded that the animal have a ticket. Another passenger produced a turtle from his pocket, and sarcastically asked the guard if he would not require a fare to be paid for that animal as well. The guard answered that he would inquire and report later. Soon after he came back to the carriage and delivered himself of the following verdict: "The animal has a ticket.
